## ABOUT ME

Currently pursuing a BTEC HND in Network Engineering and concurrently serving as an IT Assistant at THT PRINTERS, I bring three years of adeptness in Graphic Design and a track record of proficiently executing various networking projects. My immediate objective is to attain CCNA certification. Possessing a proclivity for rapid assimilation of knowledge, I have engaged in data science, data analysis, and IoT initiatives within the framework of my HND curriculum. An exemplar project involved scrutinizing a retail store's financial performance through the application of data analysis methodologies.

## KEY COMPETENCIES

Presentation

Report writing and presenting

Critical thinking skills

Excellent communication skills

Organizational skills

Self motivated

Quick learner

Teamwork

Problem solving

## PROFESSIONAL EXPERIENCE

### THT PRINTERS & Electronics

Jun 2024 - Present

#### IT Assistant

Managed projects to ensure timely delivery, provided guidance to employees in graphic design, printing, and electronics device sales, and maintained IT and network infrastructure to guarantee reliable and continuous performance of computers, network devices, and printers.

### THT PRINTERS

Feb 2018 - Jul 2021

#### Graphic Designer

Have joined as a fresher and successfully completed and delivered numerous graphic design projects utilizing tools such as Adobe Photoshop, Adobe Illustrator, PageMaker, and Canva.

### Freelancing

2020 - Jan 2024

#### Freelancer

During this period, have worked on several freelancing projects, including social media marketing, poster designs, cricket t-shirt designs, cricket bat sticker designs, and more.
